Call for Posters

This year, The 9th International Workshop on Security, IWSEC 2014 decided to open call for POSTERS that focus on any relevant topic in the workshop. Posters can present on-going study, idea or project that is not mature yet, but interesting work in progress. Student projects (Bachelor, Master's or PhD) or any other relevant study are also welcome.

The poster session will be scheduled during the workshop. Posters will be presented in poster-style, i.e., interactive presentation. Posters should be visually easy to read, e.g., combining text and diagrams for illustration

instead of only text. Posters should be designed to fit within an A0 size space (118.9 cm (height) and 84.1 cm (width), or 46.8 in (height) and 33.1 in (width)), and may consist of a single printed poster or separate pieces. Poster presenters should bring their own poster to the workshop venue on the poster presentation date. Poster boards and pushpins will be provided by the workshop.

[Important Dates]

Submission deadline: July 22, 2014, 23:59 UTC

Notification of Acceptance: To be sent within 14 days from submission, and no later than July 24, 2014

[Publication Policy for Posters]

The poster presentations are not rigorously refereed. However, the committee reserves the right to turn down submissions deemed out of scope. The posters are formally included in the program of IWSEC2014, and the list of accepted posters will be available through the workshop web page.

No proceedings will be published regarding the posters, and hence the copyrights of any content for the poster presentations are retained by the authors; there is no restriction for the authors of the posters to submit the contents to other journals/conferences in the future. Since we have no publication, the authors don't need to submit camera-ready manuscripts.
