## Call for Papers

Original papers on the research and development of various security topics, as well as case studies and implementation experiences, are solicited for submission to IWSEC 2018. Topics of interest for IWSEC 2018 include all theory and practice of cryptography, information security, and network security, as in previous IWSEC workshops. In particular, we encourage the following topics this year:

- Big Data Analysis for Security
- Critical Infrastructure Security
- Cryptanalysis
- Cryptographic Protocols
- Cybersecurity Economics
- Digital Forensics
- Enriched Cryptography
- Financial Security
- Formal Methods
- Information Law and Ethics
- IoT security
- Machine Learning for Security
- Malware Countermeasures
- Measurements for Cybersecurity
- Multiparty Computation
- Post Quantum Cryptography
- Privacy Preserving
- Rational Cryptography
- Real World Cryptography
- Security Management
- Visualization for Security

### Important Dates

Submission deadline	March 23 (Friday) 23:59 UTC
Notification of decision	May 23 (Wednesday) 23:59 UTC
camera-ready version due	June 13 (Friday) 23:59 UTC

### Best Paper Award

Prizes will be awarded to the authors of the best paper(s) and the best student paper(s).

### Journal Recommendation

It is planned that Program Co-Chairs will recommend that the authors of best papers submit their full versions to either of the CSEC or ISEC journals after consultation between Program Co-Chairs and the authors.

### Proceedings

The proceedings will be published by Springer in the Lecture Notes in Computer Science series.

### Committees

General Co-Chairs: Atsushi Fujioka (Kanagawa University, Japan)

Masayuki Terada (NTT DOCOMO, Inc., Japan)

Program Co-Chairs:

Atsuo Inomata (Tokyo Denki University, Japan)

Kan Yasuda (Nippon Telegraph and Telephone Corporation, Japan)
